

Unit 1: Provision

God has been caring for creation from the very beginning—and God still cares for us today. In this unit, children will discover the many ways God provides what people need to live, grow, and flourish. They will explore the goodness of God’s gifts and the faithfulness of a God who continues to provide, even when people sin or life does not go as planned. As children begin a new grade and settle into new routines, this unit offers a steady and reassuring truth: wherever they go and whatever they face, they can trust in God’s generous care.
